Sigmund Freud

The Revised Standard Edition of the Complete Psychological Works of Volumes I-XXIV

By Sigmund Freud, James Strachey, Mark Solms, Mark Solms

The long-awaited Revised Standard Edition of the Complete Psychological Works of Sigmund Freud (RSE) is founded on the canonical Standard Edition (SE) translation from the German by James Strachey, while adding a new layer of revisions and translations. Conceptual and lexicographic ambiguities are clarified in extensive new annotations. Drawing on established conventions and intellectual traditions, the Revised Standard Edition supplements Freuds writing with substantial editorial commentaries addressing controversial technical terms and translation issues through the lens of modern scholarship--a living text in dialogue with itself and the reader.

In the RSE text and footnotes a subtle underlining distinguishes, in an easy and accessible way, Mark Solmss revisions and additions, from the historical translation and commentaries of James Stracheys Standard Edition. Readers can examine what Strachey contributed before the revisions in tandem with Solmss updates, new translations, annotations, and commentaries, collectively bringing Freuds text and Stracheys translation into dialogue with five decades of research, including the most recent developments in the field.

Commissioned by the British Psychoanalytical Society and co-published by Rowman & Littlefield, the Revised Standard Edition brings together decades of scholarly deliberation concerning the translation of Freudian technical terms while retaining the best of Stracheys original English translation. This landmark work will captivate a wide audience, from interested lay readers to practicing clinicians to scientists and scholars in fields related to psychoanalysis.

Special Features:

- * New Freud material, including 56 notes, essays, and letters that were not included in the Standard Edition. They reveal new insights into Freuds views on such topics as homosexuality and religion.
- * New content underlined to identify changes to the Standard Edition, including corrections of mistakes in the original translation as well as new, clearer translations of many passages.
- * New annotations in the margins providing the original German technical terms.
- * New and updated editorial material and translation notes.
- * New glossary concerning the translation of all key terms.
- * New photographic illustrations.
- * New and massively expanded Freud bibliography.
- * Entirely revised 24th volume, a major scholarly work, including a comprehensive index for the whole set.
- * Cross-referencing to the earlier SE is facilitated by the addition of page numbers in square brackets in the margins.

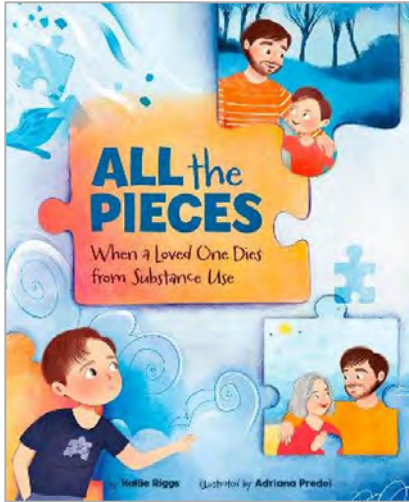

Author Bio:

Mark Solms is a globally acclaimed psychoanalyst and neuropsychologist, known for the integration of contemporary neuroscience with psychoanalytic methods and theories, and for his discovery of the forebrain mechanisms of dreaming. He is the Director of Neuropsychology at the University of Cape Town and Groote Schuur Hospital, the Science Director of the American Psychoanalytic Association, and the Co-Chair of the International Neuropsychanalysis Society.

Working with Relational Trauma in Children's Residential Care

A Guide to Using Dyadic Developmental Practice

By Kim S. Golding, George Thompson, Edwina Grant, Rachel Swann

Key Sales Points:

* A guide for therapists and residential care workers on how DDP can be used in residential care settings with children who have experienced developmental trauma.

Dyadic Developmental Psychotherapy (DDP) is a therapeutic approach, based in attachment theory, which is used to support children who have experienced relational trauma. By consciously offering PACE (playfulness, acceptance, curiosity, and empathy), adults can help children - and each other - to feel more secure and open to others.

This guide provides an overview of DDP and explores how it can be used to support children in residential care settings. Case studies, examples, and expert guidance from the authors' extensive experience demonstrate how to apply the principles of DDP to daily practice.

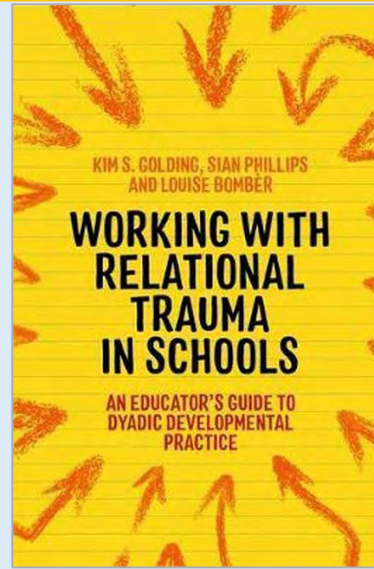

From integrating the PACE model into conversations - both with children and colleagues - to balancing physical safety with relational safety in secure care situations, this book offers a way to build a culture of support throughout the whole structure of residential care settings.

Working with Relational Trauma in Schools

An Educator's Guide to Using Dyadic Developmental Practice

By Louise Michelle Bomber, Kim Golding, Sian Phillips, Dan Hughes

Key Sales Points:

* How educators can help children who have experienced developmental trauma to thrive in an education setting.

Written by experienced clinicians, this book provides an exploration of how educators can easily use Dyadic Developmental Practice (DDP) to help vulnerable pupils to thrive. DDP is an intervention model for children and young people who have experienced trauma in past relationships.

Safety and security are increased through offering emotional connection in a variety of ways, helped by the attitude of PACE (playfulness, acceptance, curiosity, and empathy).

The model gives children the opportunity to experience the relationships necessary for healthy development, emotional regulation, and resilience.

This book gives educators all the tools they need to embed DDP into their practice, including building connections with students, partnerships with parents, understanding the theory behind DDP, and overcoming the challenges of implementing it in practice. These principles can be adapted to support pupils at all levels.

Social Work Child Welfare Practice

A Culturally Responsive Applied Approach

By *Giesela Grumbach, JoDee Keller*

Blends practitioner-focused and culturally responsive interventions to provide an innovative approach to learning. With the aim of transforming flawed child welfare practices and policies into a more equitable system, this comprehensive, practice-based text delves into contemporary child welfare practice from antiracist, social justice, and decolonial perspectives. Incorporating first-hand knowledge of day-to-day practice, the book examines the many roles of professional child welfare workers, foundational skills they need to work in the field, the challenges and promises of trauma-informed practice, how to maintain a dedicated workforce, and strategies for reshaping the system. This book covers child welfare practice thoroughly, from reporting to investigating and everything in between.

Occupational Identity

Journeys of Minoritized Occupational Therapists Across Race, Religion, and Culture

By *Alaa Abou-Arab and Erica V. Herrera*

Delving into the diverse experiences of minoritised occupational therapists, this book contributes to the increasingly critical need for cultural humility in healthcare and discusses difficult topics surrounding culture, race, and religion with clarity and humanity. Using a wealth of research and knowledge on different cultures and communities this illuminating book focusses on a person-centred approach and encourages meaningful dialogue and self-reflection. Co-authored by the Coalition of Occupational Therapy Advocates for Diversity, this invaluable resource will allow you to journey through real-world experiences and cultural contexts through in-depth case studies and interviews from OTs at varying stages of their career.

Sensory-Enhanced Yoga (R) for Children and Adolescents

Healing Childhood Trauma, Anxiety, and Stress Through the Koshas

By Lynn Stoller, Meg Hennessey Schofield

Key Sales Points:

* An evidence-based program incorporating therapeutic sensory input and mindfulness to address trauma, anxiety, and stress in children and teens.

This evidence-based and trauma-informed resource allows professionals working with children and teens to apply sensory yoga as a holistic and effective tool in addressing symptoms of trauma, toxic stress, anxiety, depression, and related mental health conditions.

Based on the Sensory and Mindfulness-based Yoga for Learning Environments (SMYLE (TM)) model, this training program can easily be adopted by a wide range of professionals and applied to various settings, including schools, yoga classes, community centres, and group homes.

In reducing stress, emotional dysregulation, and symptoms of hypervigilance and trauma, children and teens can benefit from a maintained state of calm and focus, and a heightened sense of self-worth and empowerment allowing for the long-term development of consistent healthy habits and routines.

Applied Yoga (TM) for Musculoskeletal Pain

Integrating Yoga, Physical Therapy, Strength, and Spirituality

By Jory Serota

Key Sales Points:

* Evidence-based approach to yoga for musculoskeletal pain.

This innovative and evidence-based book provides practical and transformative guidance on how to help clients struggling with chronic and acute musculoskeletal pain through yoga and remedial exercise. Using a holistic framework that addresses the physical, mental, and emotional challenges of chronic pain, Jory Serota offers a wide range of tools yoga therapists and bodyworkers can use to empower clients and help them work with their bodies intuitively.

It includes photographs with step-by-step instructions for practice, all of which include adaptations to meet a range of ability and mobility.

Common areas of chronic pain are discussed in depth, including the lower back, knees, hips, sacroiliac joint and glutes, shoulders, and neck, allowing practitioners to address specific concerns and maximise healing.

Practitioners will benefit from full yoga sequences and will be able to expand their offering by practically and confidently addressing the widespread struggle of chronic musculoskeletal pain.

Forging Queer Leaders

How the LGBTQIA+ Community Creates Impact from Adversity

By Bree Fram, Elizabeth Cavallaro

Key Sales Points:

* An in-depth discussion of the amazing leadership potential forged in the adversity LGBTQ+ face.

LGBTQ+ individuals will encounter bias, adversity, stigma, and marginalization a daily basis.

It's an enormous obstacle - but also a unique preparation for a fast-moving, volatile, uncertain, complex, and adaptive working world.

The book explores the unique and inspiring developmental experiences of LGBTQ+ professionals, the amazing capabilities they bring to teams, and what that means for everyone pursuing positive and inclusive business strategy.

With stories from the armed forces, lawyers, entrepreneurs, authors, academics, thought-leaders, medical professionals - you name it - this shows how queer folk everywhere are harnessing their hard-won power and resilience to excel.

With a history of excellence in queer leadership, the contextual underpinning of adversity and resilience theory, and uplifting stories and soundbites from queer game-changers in every field - this is an essential resource for LGBTQ+ individuals, business professionals and leaders of all kinds.

Author Bio:

Liz Cavallaro is an adult development scholar and professional executive coach, who specialises in helping leaders thrive through the development of enhanced cognitive capacity. Forging Queer Leaders has provided her the opportunity to combine her professional expertise in leader development with her personal dedication to advocacy and support of the LGBTQ+ community.

Lieutenant Colonel Bree Fram is an active duty astronautical engineer in the US Space Force, and currently one of the highest ranking out transgender officers in the United States military. She is president of SPARTA, an organization dedicated to the support and professional development of over 1400 transgender service members. Bree's writing has been featured in the Washington Post, Military Times, Inkstick, and LGBTQ Nation. She's been a featured speaker on leadership, diversity and inclusion, and LGBTQ+ topics at Fortune 500 corporations such as Cerner and Ecolab, universities, and military and government organizations.

Armchair Conversations on Love and Autism
Secrets of Happy Neurodiverse Couples

By *Eva A. Mendes*

Filled with first-hand accounts and the best kept secrets to help your relationship bloom, this book is a deep dive into loving autistic relationships and the unique strengths that drive them.

Based on clinical experience and emerging research, ASC counselling expert Eva Mendes explores the complex and fulfilling relationships between neurodiverse couples.

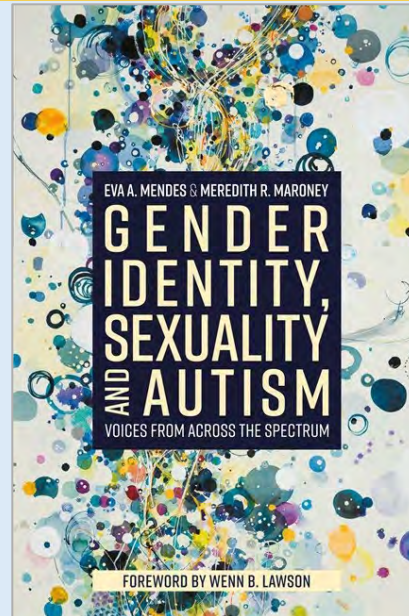

This book takes you on a journey into the relationships of 20 neurodiverse couples from all walks of life, offering insight into how they meet the challenges of daily life and the unique strengths being neurodiverse can bring to a being a partner or co-parent.

The couples share down-to-earth and candid recollections of the ups and downs of their relationships, weighing in on topics from emotional connection and sex to managing co-parenting and finances.

Exploring multiple intersections from race, gender, and sexuality across autistic relationships, and ironing out the common myths surrounding them, Eva offers a specialist, clinical perspective on each dynamic and provides examples of best practice to have a healthy and happy relationship.

Gender Identity, Sexuality and Autism
Voices From Across the Spectrum

By *Eva A. Mendes, Brian T Harris, Wenn Lawson*

Bringing together a collection of narratives from those who are on the autism spectrum whilst also identifying as lesbian, gay, bisexual, transgender, queer, intersex and/or asexual (LGBTQIA), this book explores the intersection of the two spectrums as well as the diverse experiences that come with it. By providing knowledge and advice based on in-depth research and personal accounts, the narratives will be immensely valuable to teenagers, adults, partners, and families.

The authors round these stories with a discussion of themes across narratives, and implications for the issues discussed. In the final chapter, the authors reflect on commonly asked questions from a clinical perspective, bringing in relevant research, as well as sharing best-practice tips and considerations that may be helpful for LGBTQIA and ASD teenagers and adults.

These may also be used by family members and clinicians when counselling teenagers and adults on the dual spectrum. With each chapter structured around LGBTQIA and autism spectrum identities, *Gender Identity, Sexuality and Autism* highlights the fluidity of gender identity, sexual orientation and neurodiversity and provides a space for people to share their individual experiences.

A Day-to-day Guide for Parenting Children with Neurodiverse Needs

By *Eve Bent*

Eve Bent has been where you are now. She knows how it feels to work your way through the seemingly endless pre-diagnosis period, while trying to access the right financial, medical, and educational support for your child.

This is a journey that can feel long and immensely challenging, but Eves here to tell you that you're not alone.

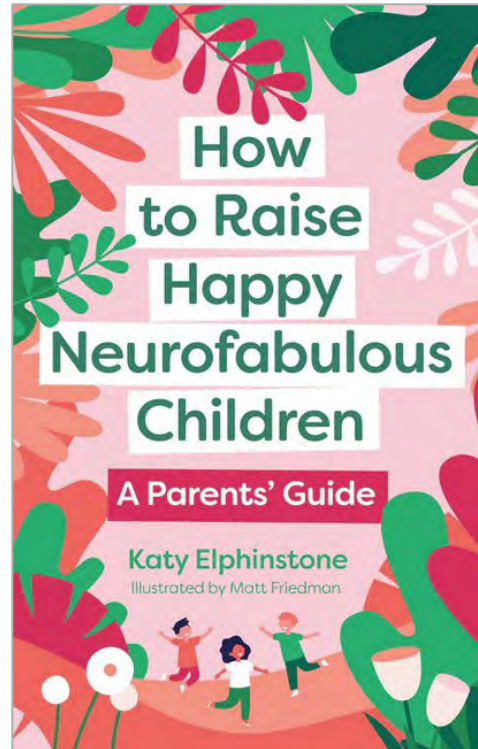

Whether you are at the beginning, middle or end of your pre-diagnosis journey, this book will provide advice around how to deal with the practical challenges that come from parenting kids who are developing differently.

It also an opportunity to reflect on the fun and the humour in busy family life and learn from someone else who has done it before and made it through.

From the early morning starts to the late-night bedtimes, food aversions, sensory needs and visiting new places, this dip-in/dip-out guide gives you the advice you've always needed, straight from one parent to another.

How to Raise Happy Neurofabulous Children

A Parents' Guide

By *Katy Elphinstone*

Parenting can be chaos, a flurry of trial and error, problem-solving, and tears (of difficulty but also of joy!).

Katy Elphinstone, an autistic parent who's experienced herself the wonders and the challenges of raising two children, one of whom is autistic, has taken notes on the 'do's' and 'don'ts' of parenting when it comes to neurodivergent children.

Supportive and refreshingly direct, Katy's advice can be tailored to you and your child's needs. We know there isn't a 'one size fits all' guide to parenting!

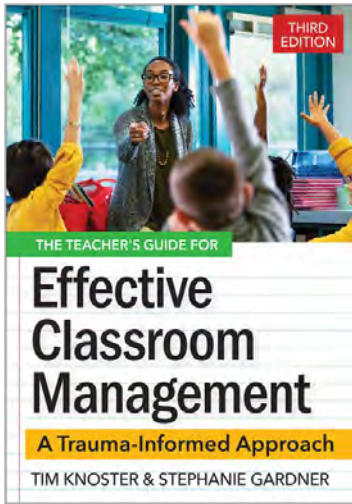

There's also space to write your thoughts down and organise those tips that work for you.

With advice on all day-to-day experiences such as preparing for school, venturing out to a new place, making friends, and even posing the question, 'Can screentime be a positive?', *Neurofabulous* is the ultimate guide that gives you everything you need to ensure that you and your child thrive.

Family-School Success for Children with ADHD

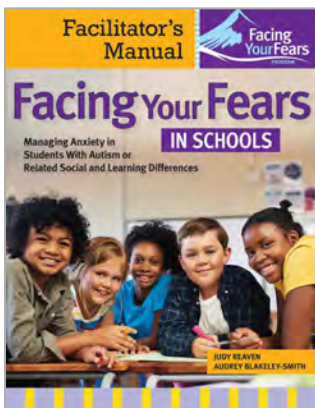

A Guide for Intervention

By Thomas J. Power, Jennifer A. Mautone

Distilling decades of research, this practical manual presents an innovative intervention for families of 6- to 10-year-olds (grades 1–5) with attention-deficit/hyperactivity disorder (ADHD). Family–School Success (FSS) focuses on improving children’s behavior and academic performance by strengthening parent–child, teacher–student, and family–school relationships. Detailed guidelines are provided for implementing FSS with parent groups or individual families, including how to involve children in groups and collaborate with teachers. The authors discuss ways to deliver FSS effectively in school- and clinic-based settings, private practice, and primary care. In a convenient large-size format, the book features dozens of reproducible parent handouts and worksheets, assessment tools, and fidelity checklists, which can also be downloaded and printed.

Facing Your Fears in Schools Facilitator Manual

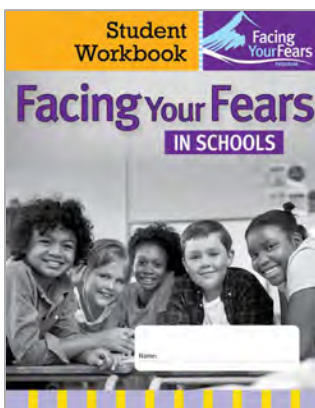

Managing Anxiety in Students With Autism or Related Social and Learning Differences

By Judy Reaven, Audrey Blakely-Smith

A typical school day can be full of anxiety triggers for students with autism or other social/learning needs. Help autistic students face and manage their fears—and overcome a major obstacle to school success—with this highly effective cognitive-behavioral therapy (CBT) program designed for use with students ages 8–14. FYF is evidence based, has been shown to reduce anxiety in students with autism, and is an ideal way to increase student access to critical mental health interventions in school.

Facing Your Fears in Schools Student Workbook

Managing Anxiety in Students With Autism or Related Social and Learning

By Judy Reaven, Audrey Blakely-Smith

This workbook guides students ages 8–14 through the Facing Your Fears program, a highly effective cognitive-behavioral therapy (CBT) program designed to help students with autism or other social/learning needs face and manage anxiety. Throughout Sessions 1–12, students will participate in a variety of activities illustrated throughout this workbook. While the workbook is available as a fillable PDF with the purchase of the Facing Your Fears manual, this printed version provides a convenient alternate option for programs that don’t have the ability or desire to print the student workbook. About Facing Your Fears: A typical school day can be full of anxiety triggers for students with autism or other social/learning needs. Help autistic students face and manage their fears—and overcome a major obstacle to school success—with this CBT program designed for use with students ages 8–14.
